Table 1 Definitions:

Total # of State Fund Staff: The total number of staff that have responsibility for managing your state fund including technical staff, plus financial staff and administrative staff.

Of Facilities Covered: The total universe of properties or facilities which would be covered by your fund if a release from a covered tank were to occur.

of Tanks Covered: Of the total number of facilities covered, the number of USTs within those facilities which would be covered if a release were to occur.

Release eligibility sunset date: The date the fund will no longer accept sites in the program where there has been a new release. Some states refer to this date as the claims bar date.

Fee sunset date: The date where the collection of any fees, taxes, program income, etc. is stopped.

Program ending date: The date the fund will no longer be in existence (e.g.- legislative termination date, the date the fund runs out of money).
